**1. SAHS Elevator Update**

Bid status, Next Steps:

Both bids have been rejected and we are currently value engineering with the apparent low bidder to see if we can bring the project inline with the budget. We are also looking to use ESSR2 monies on this project.

**2. New School Progress**

Project update and Permitting:

The final design plans are coming together well with 50% complete do on November 30. We need to have another public hearing for the DEP site application scheduled for November 8 at MCSS 5:50 pm.

**3. Project Updates**

SAMS Project:

Slow progress continues to be made; they continue to assure us they will meet the contract time frame. We will continue to push them as much as we can.

**4. Donations**

Mill Stream Elementary School has been awarded from Maine Agriculture in The Classroom. \$1,120 (TeachMEFoodandFarms.org)

**Recommendation: That the School Board approve the above-listed donation.**
